## How Will You Know Your Child/Ward Has Learnt?

- Purpose and Mode of Assessment in Art

Assessment in art is important to provide feedback to the various stakeholders:

1. To **celebrate** what students can do and have achieved in art

2. To **identify** students' strengths and areas for improvements so that they know what to do to improve

3. To **support** and **improve** the teaching and **learning** of knowledge, skills and values delineated in this syllabus

4. To promote **continuous students' growth** and learning in art

5. To **inform placement** beyond primary school

**Portfolio is the main mode of assessment in all primary school.**

### ■ **A portfolio always includes reflection**

Students will engage in recalling, thinking and sharing what they have learnt from the experiences

### ■ **A portfolio tells one student's story**

Contains both work in progress and final artworks that students select to show and tell ideas that are meaningful to them.

For example:

- Documentation of process e.g. Sketches, Photographs, Visual journals, Written ideas
- Documentation of Presentation e.g. Artist talk; Show-and-tell; Exhibition
- Reflections

### ■ **A portfolio is as much a process as a product**

Students will engage in collecting items in their portfolio and use the items in the portfolio to engage in discussion with their classmates and teacher to share their ideas or improve on their art.

### What we look for when assessing students' development in art for Primary 1 and 2:

Criteria	Description
Personal Response	Make art to share imagination, ideas and experiences, talk about what they see around them using art vocabulary
Use of tools and materials	Demonstrate understanding of the characteristics and ways tools and materials can be used for in art making
Use of visual qualities	Make use of elements of art and principles of design in art making
Response to cultural and historical heritage	Identify key local artworks and talk about the works in Singapore context
